The presented transit times apply to the groupage service provided by Raben East sp. z o. o.

- Transit time specified in business days, counting from the day of collection (day 0) of the goods in Poland (for exports) to the day of arrival of the international truck at a customs point in the country of destination.

It includes the time necessary for consolidation and export customs clearance (assuming that the exporter is prepared for it)

- Transit time does not apply to unforeseen queues at the borders or other delays resulting from situations beyond the carrier's control
